RE: Administrative Consent Order (ACO) In the Matter of Hexcel Corporation -
Industrial Chemicals Group, (Hexcel ACO)
Lodi Borough, Bergen County
ECRA Case # 86009

Dear Mr. Hogan:

This is in response to the letter dated December 10, 1992 from William Hoehlein, Killam Associates, requesting an extension for the submission of the Revised Soil Cleanup Report required pursuant to the New Jersey Department of Environmental Protection and Energy's (NJDEPE) letter dated September 10, 1992 and the Hexcel ACO. The request has been granted and the new deadline for submission is January 15, 1993.

This letter is only an extension and does not relieve Hexcel of any obligations or responsibilities set forth in the Hexcel ACO. No further extensions will be granted for submittal of the required Revised Soil Cleanup Report. If Hexcel fails to submit the required Revised Soil Cleanup Report on or before the new deadline, this case may be referred to the Bureau of Applicability and Compliance for review and the assessment of penalties pursuant to the Hexcel ACO. NJDEPE reserves the right to assess penalties from the original due date established under the Hexcel ACO.

Please note that, pursuant to N.J.A.C. 7:26B-1.7, both the owner and the operator of the referenced industrial establishment are strictly liable, without regard to fault, for compliance with the ECRA Regulations.

If you have any further questions on this matter, please contact the Case Manager, Kathleen M. Katz, at (609) 633-7141.

Sincerely,

Kenneth T. Hart, Assistant Director
Industrial Site Evaluation Element
